SCHOOL BONDS

Vote Yes and Why—The Question Appeals to All Parties—No Backward Step

Every voter should favor the school bond issue because—

First—Our Schools are one of our greatest blessings.

Second—The 27-cent levy is barely enough to pay running expenses. If this issue does not carry, the levy will have to be increased to 50 cents.

Third—Money is needed to pay for fitting up and furnishing two Class Rooms (one in Second Ward and the other in the Fifth Ward); to grade the lots in Second Ward and New High School and make concrete sidewalks at both places; to pay for Heating Plant and System of Filtered Water in New High School; to complete the Auditorium and several rooms not now provided for; to put a modern Heating System in the Fifth Ward building; to repair the Sixth Ward building, until a new modern building can be erected; to erect a new building for our colored people.

Fourth—Maysville deserves to have schools second to none, and without this money she will be greatly hindered.

Fifth—This is a non-partisan measure and should be made unanimous.

Would Be Bryan's Election, Declared Andrew Carnegie Upon His Arrival From Scotland

Andrew Carnegie, back from his annual visit to his castle in Scotland, reached New York Thursday on the White Star Liner Adriatic.

"I believe," he declared, "that Governor Hughes will be re-elected because he is a man you can't down. New York will be disgraced if he should be defeated, because he stands for all that is good in civic life. I know him personally and I have long known his father.

"As for Bryan, I do not believe the people will think of making him President. His election would be a tragedy."

THE AMERICAN HEN

Her Wonderful Record Gives Her a Right to Cackle

The cackles of the American hens are swelling into a mighty chorus. Sixteen billion times a year these small citizens announce the arrival of a "fresh laid," and the sound of their bragging is waxing loud in the land.

According to the last census, there are 233,598,005 chickens of laying age in the United States. These are valued at \$70,000, 000, and the eggs they lay, would, if divided, allow two hundred and three eggs annually to every person—man, woman and child—in the United States.

The value of all the fowls, \$85,800,000, would entitle every person in the country to

Louis A. Grimes of Lewis county has instituted suit in the Circuit Court at Cincinnati against Samuel C. Stevenson of Monroe Township, Adams county, Ohio, to compel him to permit the drainage of the plaintiff's farm lands. It is stated that the two parties own a 300-acre farm, which adjoin each other, and that for the past four years or more the plaintiff has maintained four ditches used to drain his property over the land of the other. Because of obstructions it is claimed that a great portion of his farm has become unprofitable, and that by the land overflowing it has weakened the bank of the Ohio river, which flows past the farms, to the extent that the stream has encroached on the farm and washed considerable of it away. Damages in the sum of \$2,500 are asked for.

CORSET FASHIONS.

Corset designs must quickly meet the dictum of dress. This season it is straight lines. A lithe, slender, hipless figure is a necessity for present fashions. Redfern Corsets are scientifically built, by expert designers, to give that effect and a skillful corsetiere is here for a few days to select and fit the model YOUR figure demands. Don't miss the unusual opportunity to command the service of a New York expert who has had years of training and experience in her work. Why wear a corset because some friend suggested it? Buy one skillfully chosen to meet the requirements of YOUR figure—to accentuate your good lines, to conceal your defects.

Be sure to avail of the scientific corset knowledge, the skillful fittings, the certainty of correct corseting now offered. It is the first demonstration of the kind in Maysville and it may be some time before a similar chance presents itself.

REPUBLICAN TICKET.

FOR PRESIDENT,
WILLIAM H. TAFT,
of Ohio.

FOR VICE-PRESIDENT,
JAMES S. SHERMAN,
of New York.

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

Vote "yes" on the bond question.

BUSINESS prospects brighten daily, with the brightening outlook for Republican victory.

THE fountain of youth consists in working every day, eating regularly and moderately, and sleeping nine hours at night.

THE HON. WILLIAM JENNINGS BRYAN is just as confident as in 1896 and 1900 that he is going to be elected.—Pittsburgh Gazette-Times.

"LETTERS to Great Men," by JOHN D. ARCHBOLD, published by W. R. HEARST, make a thrilling volume which voters cannot afford to miss.—St. Louis Post-Dispatch.

SAVOYARD, otherwise E. W. NEWMAN, a Kentuckian, who went to Washington and sold his Democracy for a measly little Government office, prints a long statement to show that BRYAN is not a Democrat. As SAVOYARD is paid to misrepresent decent Democrats, his screed will be regarded with derision.—Frankfort State Journal.

"CURET." SAVOYARD is a pre-eminent qualified correspondent, but whenever he prostitutes his talent to apotheosize such two-fers as OLLIE JAMES and A. O. STANLEY, it is time to bounce him from his exalted pedestal.

THE National Wholesale Grocers' Association has followed other National trade associations in opposing the parcels post scheme. The principal ground of their opposition is that it would "change and utterly disrupt the established method and channels for the distribution of all commodities in package form, and would seriously injure and jeopardize the life and existence of the retail merchants."

"IF all that Mr. BRYAN has favored during the past 12 years had been enacted into law we should have been overwhelmed with disaster and would regard it as our chief business in the future to find a way of escape from the meshes of ill-considered legislation in which we would have been entangled. It is fortunate for him as well as for us that he was defeated."—Governor Hughes of New York, in Youngstown speech.

Vote "yes" on the bond question.

THE New York American asks, "Who awoke Judge PARKER, anyway?" And then adds: "Or perhaps he is just walking in his sleep."

IN England there are 7,500,000 people in want, owing to strikes and lockouts. Remember too, that England is a Free Trade country. The more Free Trade the more pauperism.

MR. BRYAN never dreamed of the meat inspection and pure food laws, yet these laws mean more to the health of the American people than all the curious devices he ever proposed.

LABOR men have looked the matter up and discovered that six of Mr. BRYAN's eight books do not bear the Union label, and that at least one or two of them were printed in notorious non-union shops. So far, Mr. GOMPERS has not commented on this interesting fact.—Pittsburgh Labor World.

THE deep-seated hatred of HENRY WATSON and WILLIAM JENNINGS BRYAN for GROVER CLEVELAND is probably what brought this celebrated pair of opposing politicians together to make common cause and battle against CLEVELAND and in favor of all the idiotic isms contained in the Populistic catalogue.

OLD GOMPERS favors BRYAN and Free Trade. He said when CLEVELAND was President in '93-'97, that those were the darkest days for labor that he had ever known. Now he wants them again. What kind of a man is he? A monster in human form that works to bring the soup-houses back again? Pueblo (Colo.) Opinion.

THE PUBLIC LEDGER trusts that the \$30,000 school bond issue will almost unanimously carry tomorrow. The money has got to be raised and expended and the bond issue is the easiest way. Vote this \$30,000 and Maysville's Board of Education will next spring open your eyes and show you what can be done in modern school development when the people back the Board up in its endeavors to rehabilitate methods and school buildings.

By the year 1910 Maysville's school buildings, grounds and appurtenances will be unrivaled in the Ohio Valley.

Only recently a prosperous Maysville business man said to a member of the Board of Education:

"You know why I moved my wife and children to Maysville and purchased my present business? I will tell you—it was because of your splendid new High School Building. It is a beauty and as a temple of education it could not be better. I want to live near it so that my children can go to school in it. That's why I moved to Maysville."

LABOR WORLD'S FORECAST

Pittsburgh Labor World.

It can be safely said that the campaign of Samuel Gompers in behalf of William J. Bryan has been a failure, so far as delivering the labor vote is concerned. Mr. Gompers has succeeded, however, in making Socialists out of many workingmen, probably 75% of whom were formerly Democrats. With a view of ascertaining the effect of Samuel Gompers' campaign on the labor vote, The Labor World has had a straw vote taken in 86 mills and mines in West Virginia, Pennsylvania, Ohio, Illinois, Indiana and Maryland, with the following results:

These mills and mines employed Union men and sympathizers with organized labor.

West Virginia—Six mines and four mills were canvassed with the following result: Taft, 2,088; Bryan, 1,244; Debs, 501; other candidates, 34.

Pennsylvania—Twelve mines and eight mills were canvassed with the following result: Taft, 8,562; Bryan, 2,801; Debs, 1,058; other candidates, 2.

Ohio—Fourteen mines and nine mills were canvassed with the following result: Taft, 6,926; Bryan, 4,946; Debs, 842; other candidates, 103.

Illinois—Eight mines and three mills were canvassed with the following result: Taft, 4,589; Bryan, 3,590; Debs, 641; other candidates, 18.

Indiana—Eleven mines and six mills were canvassed with the following result: Taft, 5,636; Bryan, 5,227; Debs, 914; other candidates, 21.

Maryland—Four mines and one mill were canvassed with the following result: Taft, 851; Bryan, 804; Debs, 154; other candidates, 3.

Total—Taft, 28,652; Bryan, 18,602; Debs, 4,110; other candidates, 181.

This vote was taken from mills and mines in various localities in the above named States and is interesting in that it indicates that Mr. Taft will get his full share of the labor vote and also that Mr. Gompers has made lots of votes for Debs. Debs will poll a vote among working people in this campaign that will be surprising.

Vote "yes" on the bond question.

SECRETARY of the Treasury CORTELYOU, at New York, compares records of TAFT and BRYAN, and declares the American voters do not wish to make the White House an experiment station.

RECEIVERSHIPs are proverbially fat for lawyers and lean for clients. Governor HUGHES is a wise counselor in his warning that the realization of BRYANISM would throw this republic into a Receivership.

BRYAN is still harping on the Tariff question. It is too bad he can't use a stereopticon to show the soup-houses which are always conspicuous features of every Democratic Tariff regime.—Haverhill Gazette.

Sunday Enquirer forecast: There have been few changes in the outlook since the publication of the forecast of last Sunday, when the electoral table gave Taft 280 votes, Bryan 158, doubtful with Republican leanings 26, doubtful with Democratic leanings 21. The Republicans seem to be winning everything in Illinois. Taft's plurality is likely to be enormous. Mr. Chafin, the prohibition candidate for President, who is very unfriendly to Mr. Taft, says the Republican National ticket will have at least 100,000 excess votes. All the Northwest continues to lean toward Taft. Reports show that he will carry Minnesota, Wisconsin and both Dakotas, but that Governor Johnson will probably be re-elected in Minnesota.

SOCIAL EVENTS

The Baraca Class of the First Baptist Church gave a Halloween social Saturday evening at the Church in honor of the Philatheas.

The stairway, Pastor's study and Baraca room were appropriately and artistically decorated. At the foot of the stairs were jack-o'-lanterns and a ghost to greet the Philatheas first. On the landing was met a like scene. Lanterns were prettily arranged in the Pastor's study, but the Baraca room was a charm, with corn fodder and goldenrod banded in the corners and on the window sashes red-cheeked apples and ears of corn with shuck turned out. From the chandelier to the four corners of the room cords were stretched, hung with lanterns and draped with Philatheas class colors—pale blue and white. The folding doorway, too, was festooned with these colors. The string band occupied the side room adjoining the Baraca room, and throughout the evening soft, sweet strains of music were heard.

The amusements were too numerous to describe in full. Will suffice it by giving the program that was so interestingly and delightfully carried out. It was as follows: Pertinent remarks by the teacher. Response by Master of Ceremonies. The mating for the shadow fortunes. Shadow fortunes, told by the Man from India. Swinging apple contest. Philatheas and Baraca submarine stunt. Workings of mysterious Cupid. Philatheas aerial mystery. The H2O concoction served, Mr. Charles Gibson presiding and aeriving with a gond. Presentation of prizes. The winners were Mrs. Luther C. Reynolds and Prof. A. O. Bowden, the former receiving a dear little Teddy bear, the latter a dear little kitty cat. They won these in the "swinging apple contest." Parting remarks by Mr. Reynolds. After this the Philatheas tendered praises to the Baracas for such a glorious evening, and all went home with happy hearts.

Mrs. Elmer Bridges, 206 West Third street, Maysville, Ky., says: "I consider Doan's Kidney Pills an ideal kidney remedy and one that deserves the confidence of anyone afflicted with kidney trouble. I was subject to attacks of kidney complaint from childhood, and as I grew older the complaint became more severe. In my efforts to find relief I used remedy after remedy, but no benefit was obtained until I began taking Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore. They proved to be just what I needed, going directly to the cause of my trouble and entirely relieving me. I always keep a supply of Doan's Kidney Pills on hand, and a dose or two now and then serves to keep my kidneys in good condition."

RIPLEY NOW DRY

Big Crowd in the Old Town Saturday To Celebrate the Booze Funeral

Last Saturday night Colonel Booze, who has held high jinks at Ripley for, lo, these many years, packed his clothes and lit out for other points where wet goods are sold over the counter by sanction of the law.

Pursuant to the popular edict of the Ross County Local Option Law, all the saloons in Ripley closed their shutters at a late hour Saturday night, and all day and half the night Mr. Bacchus and Colonel Booze said, "Here's lookin' at ye?" to each other until the last legal minute of grace allowed by the Ohio statutes.

It was monthly stock sale day, too, and the little city was crowded with visitors, many of them Kentuckians who went over to lay in an extra supply of the oil of joy.

Ripley is now beginning to experience the driest drought in all its history.

In the meantime, Maysville is the only oasis on the map in this portion of the Ohio Valley local option territory and a great boom in wet goods awaits the local liquor dealers.

COMMON COLDS

Become a serious matter if neglected. Bronchitis, pneumonia, asthma, catarrh or consumption is the common result. Get rid of that cold at once by taking Williams & Co.'s White Pine Cough Syrup. With it the most obstinate coughs yield to its grateful, soothing action, and to the rattling, persistent cough, often present in consumption, it gives prompt and sure relief. In fresh colds it is the remedy, breaking up the cold in a few hours and giving you a restful sleep. In the face of all these facts it is not a high priced remedy, but sells at 25c a bottle.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

WANT PRESBYTERY

Negro Pastors of the State Request a New Departure

The Presbyterian Synod, in session last week at Frankfort, received a communication from the Negro Pastors of the State requesting Presbyteries for the colored Ministers of Kentucky.

This request is a new departure in Kentucky, but a year ago the laws governing the Presbyterian Church were amended so as to make two Presbyteries in one locality possible, the division being made for the benefit of the Negro race.

An argument advanced in favor of such a system is that the Negroes themselves know better the conditions of their race and can better understand how to deal with their race from a religious point of view.

AN ORDINANCE

That Is Observed More in the Breach Than Its Observance

Street crossings are intended for the use of pedestrians, and the construction of law governing same is that they shall have right of way in preference to vehicles.

As a matter of fact, however, drivers of all classes of vehicles have it in their noggins that they are pre-eminent and arrogate to themselves exclusive rights, and if a child or lady should be run down in consequence of fast and reckless driving on the part of the john or other bawling the lines, why, it's their fault and in no wise the consideration of the aforesaid driver.

On page 129 of the City Ordinance book will be found the following in regard to driving:

"That any person who shall ride or drive a horse or other animal in any street or alley in the city at a rate of speed faster than six miles an hour, or when turning a street corner shall ride or drive faster than a walk, shall be fined not less than \$3 or more than \$10."

There have been several narrow escapes by children and aged persons in being trampled upon and run over by careless and heedless drivers going at a rate of speed beyond that regulated by Ordinance. A halt should be called before a serious accident occurs.

Stomach Muscles In Old Age

How Old People May Retain or Restore Good Health

Usually the bowels are not so active in middle or advanced years as in youth. Just as the eyes grow dim, the skin wrinkles, the hair gray, the muscles flabby, so do the internal organs show their age if we could but see them.

However we sometimes find a person whose age is near the meted three-score and ten and yet his step is sprightly, his eye keen, his flesh firm, his appetite good and his bowels regular, and upon close questioning you will find a life's history of right-living, good food, keen appetite, perfect digestion and regular bowel action.

Regular bowels and proper digestion of the food we eat is absolutely necessary to the enjoyment of good health by old or young. If the readers of this article are interested, we are glad to tell them how they can restore good health and prolong their lives.

Step into a drug store and purchase a bottle of Dr. Caldwell's Syrup Pepsin. It will cleanse the bowels of any waste matter that has clogged them up and restore to them strength and nerve force for regular natural daily action. It adds digestion by stimulating the stomach and digestive glands to a proper and sufficient secretion of the fluids necessary to perfect digestion. It acts on the liver and kidneys in a mild, quiet yet effective manner. Rev. A. J. Fletcher, of Rutherford, Tenn., is 80 years old, and it cured him of 60 years of dyspepsia. W. W. Sterling, Sioux City, Ia., says: "Dr. Caldwell's Syrup Pepsin is the best medicine I ever used and I am 83 years old." B. F. Thompson, Shenandoah, Ia., says: "I suffered 15 years with dyspepsia and it cured me." It is certain and effective in the most obstinate old cases, and yet mild and safe for the most delicate woman or child. All druggists sell it at 50c and \$1.00 per bottle. Pepsin Syrup Co., 304 Caldwell Bldg., Monticello, Ill., is glad to send a free sample to any one who has never used it and will give it a fair trial.

"LIVES OF GREAT MEN ALL REMIND US"

The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

NO MAN

DELIBERATELY BUYS
POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
